WELCOME TO THE HOUSE OF ROHL®

The House of Rohl® is a collection of artisan brands recognised for their artistry and heritage.

SHAWS

Fireclay Sinks

The genius of founder Arthur Shaw was to identify the waste material extracted from the colliery at Darwen, as fireclay. In 1897 he established Shaws of Darwen to make use of it. Today, at the same factory in Northern England, Shaws' own Heavy Duty Fireclay is fired hotter and longer to produce kitchen and bathroom sinks with an incredibly durable finish.

PERRIN & ROWE

Brassware & Sanitaryware

At Perrin & Rowe's English foundry, molten brass is poured by hand at 1,000°C into intricate moulds. The finest grade brass is used to ensure a perfect cast. Each piece is precision machined before being polished by hand. This fusion of cutting-edge technology and traditional craftsmanship is the source of Perrin & Rowe's unrivalled reputation for quality.
